Purpose of the SIC Annual Report

Each year, the SIC prepares an Annual Report for the Parents and Community to keep both groups apprised of the progress made towards the achievement of the goals and stated objectives as outlined in the School Improvement Plan. It also serves to highlight the many programs and activities available to our students and the achievements, awards and recognitions received over the course of the year by our students and teachers.

SIC Strategic Goals

Goal #1 School Climate (Parent Involvement, Safe and Healthy Schools, etc.)

- Engage in a comprehensive process to review, revise and communicate that our purpose is to create student success.
- Foster collaboration with community stakeholders and use their knowledge, skills and resources to support student learning.
- Use system-wide strategies to listen to and communicate with stakeholders.
- Communicate expectations and results for student learning and goals for improvement to all stakeholders.
- Commit to a student-centered culture based on shared values and beliefs regarding teaching and learning. Support challenging, equitable educational programs and learning experiences for all students. HHIMS will develop a shared set of values and beliefs and build climate and culture to support the district's mission and vision.
- In an effort to increase school and community engagement, the SIC holds meetings at various locations throughout the community.

Goal #2 Resources and Support Systems

- Mentor qualified professional staff capable of fulfilling assigned roles and responsibilities
- Assign professional staff responsibilities based on their qualifications (i.e., professional preparation, ability, knowledge and experience).
- Ensure that all staff participates in a continuous program of professional development.
- Assign sufficient staff to meet the vision and purpose of each school.

- Provide appropriate support for student with special needs.
- Provide services that support the counseling, assessment, referral, educational and career planning needs of all students.

Goal #3 Teaching and Assessing for Student Learning

- Provide equitable and challenging learning experiences that ensure all students have sufficient opportunities to develop learning, thinking and life skills that lead to success at the next level.
- Promote active engagement of students in the learning process, including opportunities for them to apply higher-order thinking skills.
- Allocate and protect instructional time to support student learning.
- Provide for articulation and alignment among grade levels with the school.
- Implement interventions to help students meet expectations for learning.
- Provide comprehensive information and media services that support curricular and instructional programs.
- Ensure that all students and staff members have regular and ready access to instructional technology and a comprehensive collection of materials that supports the curricular and instructional program.
- Teachers participate in collaborative learning communities and other professional learning to improve instruction and student learning.
- Teachers implement schools' instructional processes in support of student learning.
- Ensure that mentoring, coaching and induction programs support instructional improvement consistent with schools' values and beliefs about teaching and learning.

- Engage families in meaningful ways in their children's educations and keep them informed of their children's learning progress.
- Gather, analyze and use data and research in making curricular and instructional choices.
- Monitor school climate and take appropriate steps to ensure that it is conducive to student learning.
- Monitor and adjust curriculum, instruction and assessment systematically in response to data from multiple assessments of student learning and examinations of professional practice.
- School leaders will monitor and support the improvement of instructional practices to ensure student success.
- Ensure grading and reporting practices on clearly defined criteria that represent the attainment of content knowledge and skills and that are consistent across grade levels and courses.

Goal #4 Documenting and Using Results for Continuous Improvement

- Establish performance measures for student learning yield information that is reliable, valid and free of bias.
- Develop and implement a comprehensive assessment system for assessing progress toward meeting expectations for student learning.
- Use student assessment data to improve teaching and learning processes. Survey teachers to determine needs to assessments and academic audits.
- Use the district's systematic analysis of instructional and organizational effectiveness to improve student performance.
- Communicate and explain the results of student performance and school effectiveness to all stakeholders in a timely manner.
- Use expanded comparison and trend data of student performance for comparable schools in evaluating effectiveness.
- Demonstrate verifiable growth in student performance using formal and informal assessments.
- Maintain a secure, accurate and complete student records system in accordance with state and federal regulations.

Hilton Head Island Middle School participates in both norm-referenced (MAP) and criterion-referenced (PASS) testing. Parents have received our school's Report Card from the South Carolina State Department with our school's PASS results. Our parents have received individual results of their students' MAP and PASS scores. This report gives us a chance to share the MAP group scores for Hilton Head Island Middle School, Beaufort County School District, and the Norm Group.
